RNDD 7th Annual Gallery Walk

eggersmann Chicago hosted the 7th Annual River North Design District Gallery Walk on September 9, 2022. 22 locations in the design district offered a wide variety of special events and exhibitions of 31 artists and 20 designer vignettes. This year, St. Jude Children's Research Hospital received a portion of proceeds from over 1500 tickets sold…the largest attendance ever!

The Eggersmann staff thoroughly enjoyed this community event meeting locals residents, new interior designer faces, several new artists, and some of our clients.

If you missed the event, you can still see the exhibits and vignettes until October, 10, 2022. Or take a peek below into the special night with amazingly creative people:

- Artist, Dana DeAno works with collected reclaimed materials, marrying them with more traditional graphite and paint.
- Artist, Diane Schroeder's pieces abstractly suggest landscape shapes and textures and the translucence and reflections of atmospheric colors.
- Interior Designer, London Walder's approach infuses inspiration from the past, bridging eras of styles to create intriguing and timeless interiors.
